

# EV CHARGING RESOURCE GUIDE

## WHERE TO START?

The first step is to find an electrician and discuss your project with your utility provider. They can help determine the best location to install based on where your service is located.

## UTILITY PROVIDERS

### STURGEON BAY UTILITIES

## RESOURCES ON THE GO

### EV CHARGING STATIONS IN DOOR COUNTY

<https://www.doorcounty.com/discover/travel-green-businesses/electric-vehicle-charging-stations>

### CHARGEHUB

"ChargeHub is a vibrant community of more than 100,000 users and a dedicated team committed to improving the charging experience from the home to public places. Together, they contribute to the development of a more user-friendly EV charging infrastructure in the U.S. and Canada." [iOS](#) | [Android](#)

### OPEN CHARGE MAP

"Open Charge Map is a non-commercial, non-profit, electric vehicle data service hosted and supported by a community of businesses, charities, developers and interested parties around the world." [iOS](#) | [Android](#)

### PLUGSHARE

PlugShare is also home to the largest community of EV drivers in the world. Every day, drivers add more station locations, constantly making the app more comprehensive, powerful, and accurate. From within the app, users check-in when they charge, sharing tips, comments, and photos of their charging experiences." [iOS](#) | [Android](#)
